D735VX

XGA DLP® PROJECTOR

NEW

Latest DLP® and BrilliantColor™ Technology with 3200 Lumens of Ultra Brightness

- Newest projector built for classroom settings and professional venues.
- Uses the latest DLP® technology with BrilliantColor™ technology to offer exceptional brightness and vibrant hues.
- Blasts at 3,200 lumens of ultra brightness with 2,400:1 contrast ratio that shows extraordinary crisp image details and provides excellent projection under all lighting conditions.
- Offers the versatile features that comes with a cost efficient lamp life of up to 4,000 hours (Eco-Mode).

Filter-Free Design

- No filter required.
- Resistant to dust and dirt.
- Reduced maintenance fees.
- Lower total cost of ownership.

Rapid Start-Up

- Quick start.
- No need to wait for the projector to warm up.

Instant Shut-Down

- Instant power down.
- No waiting period.
- Convenient to move to next meeting.

Detachable Keypad

The D735VX comes with a detachable keypad that can be manually removed from the projector and secured in a safe location to discourage theft or unauthorized removal of the projector.

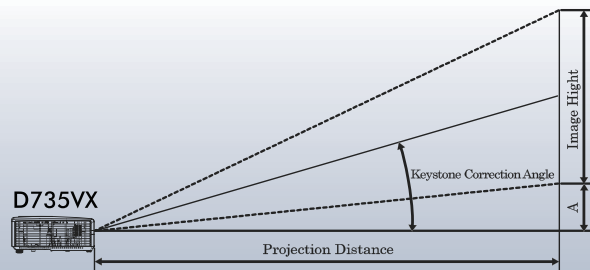

Vertical Digital Keystone

The Vertical Digital Keystone correction allows users to easily adjust the screen image with today's presentation environments.

Super Low Fan Noise

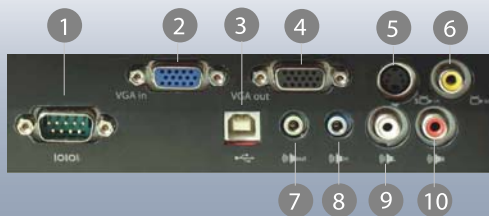

Super low noise operation - 28 dBA (low mode)
